About FlowSmartly

Local Glow — Sky & Violet

Our Vision

FlowSmartly is an AI-powered growth platform built for local businesses. We combine brand-aware content, automation, and local listing workflows to deliver measurable results — not vanity metrics. Our team has helped dental, medical, and service brands climb into Google's local 3-pack and stay there.

Prepared for

ABC Dental Studio — Dr. Avery Brown

Why This Matters

Patients searching for a dentist nearby rarely scroll past the top three Google map results. To win those clicks, calls, and bookings, ABC Dental Studio needs a fully optimized profile, fresh weekly content, steady review velocity, and consistent citations across the web. This package handles all of it.

Benefits and Scope

What the client receives and why it matters.

- Higher visibility in Google's local 3-pack for dental searches
- More phone calls and appointment requests from nearby patients
- Stronger online reputation through consistent 5-star reviews
- Improved trust signals with verified information and fresh photos
- Better conversion of profile views into booked chairs
- Consistent presence across maps, search, and voice queries
- Time saved — your team focuses on patients, not listings
- Clear monthly proof of what's working and what's next
- Lower cost-per-patient compared to paid ads

Profile Optimization

Complete rebuild of categories, services, attributes, hours, descriptions, and Q&A using dental-focused keywords.

Weekly Google Posts

4–5 branded posts per month highlighting services, offers, patient tips, and seasonal campaigns.

Review Management

Automated review requests after appointments plus professional responses to every new review.

Geotagged Photo Library

Monthly upload of geotagged photos of the studio, team, and treatments to boost local relevance.

Citations & Backlinks

Submission and cleanup of business listings across 40+ directories for NAP consistency.

Reporting Portal

Live dashboard tracking rankings, calls, direction requests, website clicks, and bookings.

Expected Impact

Realistic outcome ranges, not guaranteed results.
